

Selling Points - AMCO Protect-O-Shield® Bearings

Exclusive 2-year bearing warranty!

AMCO's Protect-O-Shield bearing features a protective shield to protect its triple lip seals and is guaranteed for two full years. Our bearing eliminates blown seals and prevents wrap damage.

To properly maintain your Protect-O-Shield bearings, please follow these lubrication steps:

1. The bearings should be re-lubricated with appropriate conforming grease on a daily basis after each use.
2. During lubrication, the bearing should purge new grease and then be rotated to ensure complete fill of the cavity.
3. The bearings should be re-lubricated with appropriate conforming grease at the end of the season.
